EDUCATION

Dalhousie University

Master of Computer Science; CGPA: 4.30/4.30

Supervisor: Dr. Rita Orji

NS, Canada

Jan 2025 – Dec 2026 (exp.)

Islamic University of Technology

B. Sc. in Computer Science & Engineering; CGPA: 3.85/4.00

First-class with honours distinction

Gazipur, Bangladesh

Jan 2019 – May 2023

AWARDS & SCHOLARSHIPS

FGS Travel Grant, Dalhousie University

Awarded to graduate student for research travels

Sep 2026

Bangladesh Sweden Trust Fund | Travel Grant

Awarded to high-achieving Bangladeshi students for overseas graduate-level studies

Feb 2026

Nova Scotia Graduate Scholarship (Master's) | CAD \$20,000

Awarded for research excellence and innovation in fields prioritized for Nova Scotia's strategic advancement

May 2025 – April 2027

NSERC CREATE Cybersecurity Fellowship, Dalhousie University | CAD \$27,000

Supporting research on security and privacy aspects of emerging technologies (e.g., LLMs and generative-AI)

Jan 2025 – Dec 2026

Departmental Research Scholarship, Dalhousie University | CAD ~\$16,000

Merit-based institutional funding for tuition and stipends

Jan 2025 – Aug 2026

Conference Travel Grant, Islamic University of Technology

Awarded for attending the ICCIT'22 and presenting my work

Sep 2026

OIC Partial Scholarship | USD ~\$18,000

Merit-based entrance scholarship for undergraduate tuition, accomodation and stipend.

Jan 2019 – May 2023

National High School Merit Scholarship | Stipend

Awarded by the Ministry of Education, Government of Bangladesh for academic performance in board exams

July 2017 – June 2018

ONGOING RESEARCH PROJECTS

Covert Dialect Bias in LLMs and Contextual Integrity Violation — *Master's Thesis*

- Measuring covert dialect prejudice in LLMs across housing-related social judgments
- Employing computational matched-guise methodology from psychology
- Characterizing dialect-based attribute inference as a contextual integrity concern
- Phase 1 results accepted at AIES 2026; Phase 2 works on contextual integrity
- *Supervisor: Dr. Rita Orji, Persuasive Computing Lab, Dalhousie University*

Narrative-Aware News Recommendation Systems

- Designing a content-based recommender that operationalizes Greimas' Actantial Model as role-stratified actant embeddings within a bipartite Graph Attention Network, enabling narrative-grounded explainability over the MIND benchmark
- Investigating user level impacts on trust, perception and transparency
- *Collaborator: Dr. Ga Wu (Dalhousie University; ex-Senior ML Engineer, Twitter)*

Sociotechnical Security and Privacy in VANETs

- Collaborating on blockchain-based trust management and privacy-preserving authentication schemes for vehicular ad-hoc networks
- *Collaborators: Fairuz Shaiara (U. Manitoba), Sherajul Arifin (IUT Bangladesh), Faisal Haque Bappy, Dr. Tariqul Islam (UMBC), Dr. Raiful Hasan (Kent State)*

EXPERIENCE

Teaching Assistant & Marker

Dalhousie University

Halifax, Canada

Jan 2025 – Present

- CSCI 4169 - Usable Security and Privacy (Winter'26): class size 55; Instr: Dr. Sampangi
- CSCI 3163 - Inclusive Computing (Fall'25): class size 33; Instr: Dr. Sampangi [First offering at Dalhousie]
- CSCI 4163/6610 - Human-Computer Interaction (Fall'25): class size 59; Instr: Dr. Blustien
- CSCI 1110 - Introduction to Computer Science (Winter'25): class size 26; Instr: Dr. Tang, and Dr. Oyeboode

Research Assistant

Persuasive Computing Lab, Dalhousie University

Halifax, Canada

Jan 2025 – Present

- Conducting research on human-AI interactions and persuasive fitness applications
- Supporting user studies, maintaining lab equipment for ongoing research projects

Lecturer

Bangladesh Military Academy

Chattogram, Bangladesh

June 2023 – Dec 2024

- CSE 203, 204 - Data Structures Theory & Sessionals
- CSE 205, 206 - Object Oriented Programming Language Theory & Sessionals
- CSE 213 - Computer Architecture
- CSE 274 - Numerical Methods Sessionals

Lecturer (Adjunct)

International Islamic University Chittagong

Chattogram, Bangladesh

June 2023 – Dec 2024

- CSE 2301 - Object Oriented Programming
- CSE 2427 - Theory of Computation
- CSE 4743 - Computer Security

COMPETITIONS

- **Top 10, Health Data Challenge**, Atlantic AI Summit 2025: Advanced to final round developing AI solutions for improving public health communication strategies.
- **Finalist, Blockchain Olympiad 2022**: Selected among top 50 teams globally; proposed Hyperledger Fabric-based pension system for e-governance applications.
- **Top 40, National Cyber Drill**, BGD e-GOV CIRT 2021: Placed 35th among 396 teams in Bangladesh's national cybersecurity competition.
- **Photography Exhibition, Mindsparks 2022**: Selected to exhibit documentary photography on marginalized communities (Ahsanullah University of Science & Technology, Dhaka).
